VOLUME NUMBER 83. CAMERON, MILAM COUNTY, TEXAS, THURSDAY, SEPTEMBER 17, 1942. EIGHT PAGES TODAY NUMBER 23

HITLER TO MAKE ANNOUNCEMENT

Married Here

SGT. TROY HURRY

From the armed forces out on the northwest coast came Sgt. Troy Hurry last week and early Saturday norning took as his bride, lovely Miss Margie Lou Pratt.

The ceremony was performed a minute after midnight Friday in the home of Judge B. G. Rice at Ben Arnold. The only other witness was the Justice's wife.

The bride wore a lovely blue costume with accessories to match while Sgt. Hurry was in regulation army uniform.

The bride is the daughter of Mr. and Mrs. Ernest Pratt of Marlow. She attended Yoe High School. Born and reared in this community she has many friends who receive with interest the news of her wedding.

Sgt. Hurry was born and reared in the North Elm Community and is the son of Mr. and Mrs. R. F. Hurry.

Sgt. Hurry volunteered for service in the army on September 23, 1940, and is now stationed in Port Angeles, Washington. He is in the air craft warning service and attached to the Fourth Fighter Command.

After the wedding ceremony the bride and groom came here to the home of Mr. and Mrs. Wesley Griffin in Cameron and planned to visit relatives for a few days. They will leave Cameron by rail Wednesday for Port Angeles, Washington, where they will make their home in the far northwest.

HUMBLE TO SPONSOR FOOTBALL BROADCAST

Humble Oil & Refining Company announced today that for the eighth consecutive year the Company will sponsor the broadcasts of Southwest Conference football. All Conference games and a number of important intersectional games will be broadcast direct from the playing field, providing none of these broadcasts interfere with the war effort, the announcement said.

Although some of the familiar announcers, heard in past years, are now serving in the armed forces, the Humble Company has gathered together a competent group of announcers, headed by two popular venterans of previous years—Kern Tips and Vest Box. These old-timers are being augmented by several newcomers, who, though new to the Humble staff, are well known to Texas sports fans.

Tying in with these broadcasts, Humble stations are distributing to football fans free copies of a handy pocket size 1942 Southwest Conference Football Schedule, similar to those that have proved so popular in past years.

As a further service to football nethusiasts, a list of broadcasts for each week end will be posted in Humble stations the preceding Wednesday. Lists will contain complete broadcasts schedule, including stations, game time and announcers.

FINDS RUBBER HEAD

President Roosevelt has found a rubber head to add to his collection of political wall flowers in Washington. It was announced at noon the man to head the nation's rubber campaign will be named late Monday or Tuesday. Rubber is expected to be fur-

Warren H. Brashear, who is in the Army Air Corps at Victoria, was home over the week end. He will receive his wings soon.

In Signal Corps

CORP. STEVE F. HROZEK

Corp. Steve F. Hrozek is in the Signal Corps of the United States Army and is stationed at Fort Lawton, Seattle, Washington, at the last account of his service in the army. A newspaper, the Eugene Daily News, published at Eugeue, Oregon, devotes space on its front pake to a photo of then Pvt. First Class, Steven Hrozek and Private Wm. O'Brien, receiving confidential messages and tranmitting them to the filter center.

Corp. Hrozek is a volunteer. He enlisted on September 23, 1940, at Fort Sam Houston where he spent 9 months in training. From there he was transfered to Fort Lawton at Seattle on June 30, 1941, where is is now stationed. He is the son of Mr. and Mrs. John L. Hrozek of Cameron and was born and reared here.

Recently Corp. Hrozek obtained a leave and visited his parents and many friends in Cameron. He is one among the large number of Cameron boys who volunteered for service.

Key Barrel Set Up At City Hall; Part Of Metals Drive Here

In Cameron there are thousands of obsolete keys and they contain metal vital to the war effort.

Mayor Leland Green inaugurated the scrap metal drive here with a proclamation. The Mayor made an early morning visit to city hall and dropped a large number of keys in the barrel. Few families or business firms here but have surplus and unusable keys.

All keys, said Mayor Green, contain vital metals. There are thousands of them here and everywhere. Turn them in.

The barrel is a decorated steel drum and has been placed at the entrance of the lobby.

Registrants Cannot Get Release After Induction Order

Registrants were warned here Tuesday that they cannot be given releases from the Local Draft Board after they have been mailed orders for induction.

Under existing demand for draftees for the army all boards are required to meet every call. If a registrant waits until he is sent an order to report for induction it is usually too late to call up another man in his place.

For this reason and for the reason that regulations prohibit such releases none will be granted. All registrants facing induction should volunteer if they do not wish to be drafted.

Will Try 2 Here for Thorndale Robbery

Max Sidney Reagan and Charles O'Riley, charged in indictments with robbery of a Thorndale tire store, will be returned here for trial in district court, on a bench warrant.

Reagan is in San Antonio where he lives and O'Riley is in jail in Galveston where he resides. Sheriff Valter White will return the men here on a bench warrant. The case is called for trial Tuesday, September 15th.

Fourteen tires and 22 tubes were stolen from the garage.

Lt. Roy Baskin of Corpus Christi Naval Base visited his parents over the week end.

TURKEY PRODUCERS ARE URGED TO SELL EARLY

Movement of turkeys to the market is important this year, said J. R. Thompson of the Fairmont Creamery Company on a recent visit to Cameron. Discussing the market situation he said:

"Farmers are warned to move their turkeys that are ready for market early this year.

"The dressing plants are going to be taxed to capacity due to the lack of help and the slowness of shipping. It now takes considerably more time to get these turkeys on the market than it has in previous years.

"Now, if the packers become overcrowded with turkeys, they will just have to cut off buying until they are clearned up. This, of course, will leave a large carryover for Christmas; consequently, making it hard again for the packers to handle all of the volume.

"We must remember that nearly 20 per cent of the help is gone out of the industry, and that these are war times. Turkeys are a food product used in large quantities by the Government.

"We can all help in the war effort by working with our buyers and packers and moving our products when they can handle them. This will be to the turkey raisers benefit as much as it will be to anyone else."

Beer License Revoked By Control Board

Beer license of Ben Kraatz at Shadowland and on Little River near Norman Valley Bridge, has been canceled by the Liquor Control Board.

Testimony was taken here following a fight in which soldiers and civilians engaged recently. The Junck brothers of Cameron were badly cut.

Whether this action was taken as a result of other complaints as well as the cutting spree, was not known.

Representatives from the military were here to investigate the cutting as well as one which occured at a local cafe.

ON TRIAL HERE

Max Reagan and Charlie O'Riley, each charged with burglary in connection with the robbery of a garage in Thorndale are on trial in District Court. They were indicted for stealing tires and tubes.

Superintendent T. N. Wood of San Gabriel transacted business in the County Sueprintendents office Sunday.

CAMP HOOD OPENING TO FEATURE MODERN WAR

With September 18th, opening date of Camp Hood, Texas, fast approaching, final arrangements for the formal ceremony are being completed.

The public on that date will hear Under-Secretary of War Robert P. Patterson and Brigadier General A. D Bruce, Commanding General, Tank Destroyer Center; will see distinguished Armp Officers and civilian luminaries; will witness typical training sxercises in tank-hunting, field and range firing; will get some idea of the tremendous fire power of Tank Destroyer Battalions.

Seating accommondations have been expanded. Auxiliary stands will soon be in place to seat an additional three thousand visitors in excess of those originally expected.

The last of the firing ranges, which, laid end-to-end, have an overall wingspread of approximately eight miles, are being completed and shall be in operation.

In fact, the arrangements have reached the mopping-up stage. The inumerable details, each with its particular headache, are being ironed out and co-ordinated to produce a program which has something of the striking power and split-second timing which characterizes Tank Destroyers.

This is possibly the only time the public will be taken behind stage to witness actual training procedure. This is no demonstration to be staged only during ceremonies. Training will not be interrupted. Soldiers will fire just as they do in their everyday practice.

Visitors will see complete battalions pass in review with jeeps, C & R cars, halftracks; armed with pistols, rifles, Tommy guns, machine guns, 75mm's.

They will see Tank Destroyers engage moving targets. There will be The Gang, their clothing camouflaged, their faces blackened, stealthily besieging an enemy tank with lethal concoctions of TNT and gasoline

Visitors will be able to inspect at close hand vericles and equipment, barracks and messhall, clubhouse and chapel.

The miles of various ranges—anti-aircraft ranges with moving aerial targets simulating diving and straffing planes, thousand-inch ranges with a hundred machine guns in full blast, towed targets with their canvas-covered sleds pulled by cable, sub-caliber mounts, everything from .22 cal. to 75mm—this panorama, most of which will be visible to the guests, will present a convincing picture of the vastness and scope of training

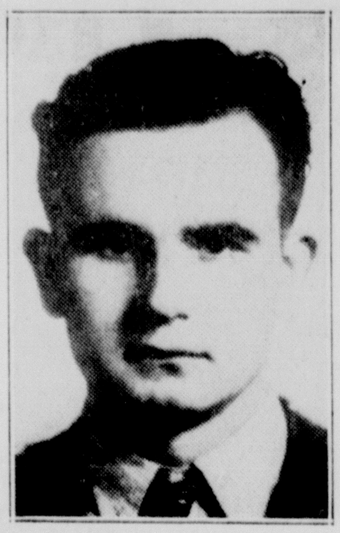
Cameron Boy in U. S. Marines

Atlanta, Ga., Sept. 16.—Gardin Frank Lesovsky, son of Mr. and Mrs. Frank S. Lesovsky, Cameron, and a first sergeant in the U. S. Marine Corps, is now stationed at the Marine Barracks, Pensacola, Fla., where he is attached to the Second Guard Company.

Sergeant Lesovsky enlisted in 1929 and has continued on active duty since that date. He has served aboard the U. S. S. Colorado, the U. S. S. Pensylvania, with the U. S. Electoral Mission to Nicaragua in 1931.

He was with the Fleet Marine Force, San Diego, Calif., for six years, and also saw duty at Pearl Harbor. He spent two years on recruiting duty in the Southern Recruiting Division.

Gave His Life



JACK POND

Jack Pond lost his life in a sea disaster in the Gulf of Mexico off the Florida Coast in early May 1941, after his ship, a merchant vessel had been torpedoed by a German submarine.

After the ship had been hit and set afire the submarine gun crews opened fire on the few survivors who escaped the burning vessel into life boats. Only 4 members of the crew survived.

Jack and a companion on the vessel, J. L. Isabell, lost their lives. They were the first Milam county boys to die in this war at sea. It was later confirmed that neigther Pond nor Isbell got off the ship which was carrying cargo of high octane gasoline.

He enlisted in the merchant marine at a Gulf port and was with the Sabine Transportation Company and had made a number of trips on coastwise vessels.

Mrs. Isbel writing to a local friend, said her husband had been shot from a lifeboat after he had escaped from the burning ship. They have a 4 year old daughter.

Jack was the son of Mr. and Mrs. J. A. Pond of Maysfield, was born and reared in that community and attended high school in Cameron.

Memorial services were held for Jack at the Jones Prairie Baptist church in late May at which time hundreds of neighbors and friends from over the county gathered to pay tribute. Judge Graham Gillis of the local District Court, brought the address.

Since Jack and Isbell lost their lives two other local boys also were lost in a sea disaster in the Gulf. They were Max Schwinger, Jr., son of Mr. and Mrs. Max Schwinger, Sr., of Jones Prairie, and Woodrow Ermis, son of Mr. and Mrs. John Ermis of Cameron. Woodrow was a graduate of Yoe High School and a star lineman on the Yoemen team.

Max Schwinger, Sr., father of Max Schwinger, Jr., is a veteran of World War 1, and decorated by a number of Allied governments for distinguished conduct in battle.

JUNK DRIVE HERE IS EXPECTED TO SUCCEED

Cameron's junk drive which began this morning was expected to succeed according to information to the Herald shortly after noon Friday.

Dan Tyson, City Secretary and Treasurer, had received a number of telephone calls from housewives who had metals to give He said indications are that the city trucks will make a big day of it Saturday.

At first it appeared the citizens might be indifferent to the appeal. Happily there is an increasing interest.

Cameron, lagging in its bond sales quota, has done nothing about the junk drive but co-operated fairly well in the rubber campaign. Need for metals is urgent. Cameron is literally on the spot. If this city does not yield up its scrap to the government, it will have lost face with a number of good neighbor towns who have done a good job.

Closing the two day canvas proclaimed by Mayor Leland Green with a large tonnage should be the first thought of all the people for the next few hours.

Mr. and Mrs. John Lane Baskin of Galveston are visiting their parents, Mr. and Mrs. Roy Baskin and Mr. and Mrs. Grady Stidham for a week.

NEW WAR PHASE MAY BE SIBERIAN ATTACK

Adolph Hitler who once wrote that he could control humanity by telling stupendous lies, was represented in Berlin Thursday as on the eve of making an important announcement.

The news that Hitler is to make an important announcement took most of the world by surprise and was variously interepreted.

In some so called well informed quarters the Hitler announcement will herald an attack on Russia by Japan in Siberia.

News commentators speculated widely on what the United States will do in the event of such an attack. Will the United States go to the aid of Russia? Some believed this country could not afford to stand by and Russia might not accept this continued vaccilation.

One news report said the Germans have taken Leningrad. Another said the Russians would hold. A Hitler trait is to appear weak when he is strong and to strike when he is least expected to move. In all the stupid countries the peoples have learned this to their sorrow.

The Commando raid on Tobruk was hearalded as a possible second front on Africa and Italy.

Supposedly informed circles have for some time predicted Japan will strike at Russia in Siberia. All have agreed that the war has reached a critical stage. It was in September 1939 that Hitler invaded Poland. Not much time remains before winter shuts down in all the Red lands the Germans now hold.

If Japan strikes in Siberia the war will be brought very near the continental United States.

The British lost 39 planes last night in a raid on the Ruhr industrial valley. This loss number indicates a large scale raid.

Fighting has broken out west of Moscow.

Japanese jungle troops are now threatening Port Moresby the last allied base outside Australia.

TWO SHOT ONE STABBED IN BIG FIESTA FIGHT

Two Mexicans were shot and one stabbed and beaten in an early morning fight Wednesday at the Harris bar across the Missouri Pacific tracks on the Buckholts highway.

In all seven Mexicans were involved. Sheriff Valter White has made all arrests and filed charges against all of them.

Ernesto Garcia was engaged in a fight with Simmon Velerio and brother, Angel Velerio. Both the Velerio brothers were shot but not seriously. Garcia was using a 45 Bisley model pistol. Ralph Velerio, brother of Simmon and Angel, took the gun away from Garcia and attempted to fire but found the gun had been emptied of shells.

Ralph Veleria then struck Garcia over the head with the gun and that ended the fight.

Garcia was badly cut in the shoulder. Domingo Sanches was also badly cut in the left shoulder.

Domingo Velerio, father of the Velerio brothers in the fight, cut Garica and both will be held for the Grand Jury.

After the fight Ralph Velerio fled and went to Calvert, taking the gun with him. He was arrested there by Sheriff Valter White.

Special Bus Leaving Cameron at 11 a. m. Friday for Camp Hood

A special bus with a capacity for 30 passengers will leave Cameron at 11 a. m. Friday for Camp Hood.

This bus will accomodate those who wish to attend the opening of the camp. The bus will leave Milam Hotel at 11. The Chamber of Commerce has arranged this bus for the convenience of those who wish to conserve tires.

Carl F. Merkord of Thorndale was bound to the County Court for the October term on a charge of driving his car while intoxicated. He was brought from Thorndale and placed in the Cameron jail.

The Combined Weekly Circulation

of The Daily and Weekly

Is NOW Over 9000

A New High in Profitable Distribution

A new high in circulation has been reached by The Herald. Due to the rapid rise in news print and the prospective shortage circulation was becoming a problem.

There has been a decided trend to The Herald. It is American in its policy and personnel, prints the news, supports the war program. The Herald has always led in circulation and continues to pile up its lead.

As long as economically possible The Herald will go to its readers at no increase in the price.

Conservatively it is estimated The Heralds go to half the population of Milam County each week. Here Mr. Merchant is your market. Two Hundred Families on one Rural Route out of Cameron.

The best territory in Milam county is covered by The Heralds.

A. W. Kornegay et ux to Roy C. Kornegay et ux, 50 acres of the Juan de la Garza survey, $350.

BLOOD KNEE DEEP IS PRICE NAZI ARE PAYING

Slaughter as frightful as any if not the most horrible in the history of the world, marked the bloody struggle for Stalingrad on the Volga Saturday as the Germans, heedless of their losses marched on "knee deep in their own blood."

Reports from the battle said that a half million picked German troops were storming the city as snow fell over the Caucasus mountains for the first time.

The gallant Red army has held for 24 hours without giving an inch of ground. They were understood to be under orders to beat the Germans or die. Thousands were dieing but Stalingrad was still in Russian hands.

Not since the second battle of the Marne in World War No. 1 when the French inflicted 750,000 casualties on the Germans to break the morale of the Kaiser's army, has anything approached the carnage on the Volga. Military experts wondered whether the Germans are paying too high price for the city that bears the name of the Russian dictator.

Overhead hundreds of German dive bombers were blasting away at the city, already said in flames. The drivers are blasting the Red lines. Russia is giving much in lives in this battle but the Germans are giving more.

Meanwhile Novorossisk had fallen to the Germans as Russian armies evacuated the Black Sea base.

Off the island of Guadacannal in the Solomons group on Friday United States army and Navy airmen shot down 96 Japanese planes in the greatest air victory since the war began. Eight American pilots failed to return and are presumed to be lost. The Japs were said to have been repulsed in that area but have made some progress near Port Moresby in New Guiena.

METALS DRIVE HERE IS GETTING NEW IMPETUS

Telephone calls to Dan Tyson, city secretary, indicated early Saturday that the scrap metal drive in Cameron, might have to be continued over into next week.

The drive, launched by proclamation of Mayor Leland Green, was to have been completed Friday and Saturday but due to the delay in obtaining sufficient publicity it is thought advisable to give the people more time.

Mayor Green set out in his proclamation that the city is called upon to do a job of great importance to the war effort. In making the drive city wide the responsibility is greater. To fail would be definitely bad grade for a worthy people.

There has been no goal set but unofficially it is estimated Cameron could easily give 100,000 pounds of metal.

CHRISTIAN SCIENCE SERVICES

"Matter" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, September 20.

The Golden Text is: "What agreement hath the temple of God with idols" (II cor. 6:16.)

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "That which is born of the flesh is flesh; and that which is born of the Spirit is spirit" (John 3:6.)

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Human birth, growth, maturity and decay are as the grass springing from the soil with beautiful green blades, afterwards to wither and return to its natives nothingness. This mortal seeming is temporal; it never merges into immortal beings, but finally disappears, and immortal man, spiritual and eternal, is found to be the real man." (Page 190.)

Frank Slavik Goes To Merchant Marine Takes Two With Him

Frank Slavik of Corpus Christi, son of Mr. and Mrs. Joe Slavik, Sr., of Marak, left Cameron Monday for service in the Merchant Marine.

With him are Roy Tyroch and Jerry Kropriva both under military age. Frank served a year in the army and was discharged for a minor physical defect and placed in 1-B. He is a volunteer and has been accepted in the Merchant Marine.

After enlisting and getting clearance from the local draft board he made a recruiting tour among friends and signed up two. All have been released by the board and are now in the service.

Will Vogelsang of Ben Arnold was in Cameron Friday and will read the Herald for the next two years.

Lieut. Frank Newton Forced Down in Water Of the Meditteranean

Lieut. Frank M. Newton, United States Army Air Corps, reported missing in action since August 21 and subsequently reported to have been located and safe, was reported in a letter from the War Department to have been last seen as his ship lost altitude after being attacked by 3 enemp planes.

The letter received here Saturday morning by Mrs. W. R. Newton, S-., from the Adjutant General of the Army, gave additional details. It was written on September 7th. A telegram stating Lieut Newton is safe was received on September 10th and reported by the Herald Friday.

According to the communication from the War Department, Lieut. Newton's ship a B-24 four motored bomber, was attacked by 3 enemy planes and was losing altitude. The ship, under control was last seen making an emergency landing on the waters of the Meditteranean. About 3 miles away a small vessel was seen making its way toward the stricken bomber. Beyond these meager details, nothing official has come.

It is presumed that Lieut. Newton and his crew of men were rescued at sea and have been reported safe. Their bomber was lost.

A telegram received here Thursday evening reported a cable from Major Rudder to the base at Lakeland, Florida, where Lieut. Newton trained The information was relayed here in a telegram from Miss Nancy Newton, brother of the flyer.

Mrs. Vernon McIntyre and daughter Miss Janette, of Alpine, have been guests of her sister, Miss Aetna Smith and Mrs. Rush Thomas. Miss Janette went to Austin to attend Rush Weew, and will be a senior in State University this year and Mrs. McIntyre has remained over for a more extended visit.

Emory Camp was among the few who went to Austin Tuesday when the State Democratic Convention was in session.

All schools in Cameron started off Monday morning, September 14, with a full faculty, and a good attendance. The Cameron School Band gave a 40 minute program, then pupils were organized for lessons, and work began at once. There were 450 pupils in the High School and 460 in the grmmar srade school, with 195 pupils in attendance at the colored school.

Mayor E. A. Camp, attorney of Rockdale was a business visitor to Cameron Monday.

Alonzo Worley of Precinct 8, of Thorndale transacted business in Cameron Tuesday.

From where I sit . . .

by Joe Marsh

IN the square of a little village not far from here I came on the prettiest flower garden you ever saw.

It was a lot of flowers all mixed up—hundreds of different kinds, I guess. So I asked a passerby if he could tell me about it.

"Well," he says, "in this town whenever anybody plants a flower garden and has any seeds left, they scatter them over this plot."

Then he leans over and pulls out a couple of weeds. "We all have to help pull out the weeds too," he tells me. "That way the village has a flower garden to be proud of."

* * *

That's about as pretty an illustration of co-operation as I ever come across. But there's plenty of examples of co-operation and civic spirit these days.

We were talking just yesterday about how the brewers and the beer distributors are working together and co-operating with law enforcement authorities.

You see a lot of friendship and fine old customs have grown up **around beer. But the weeds—well—they've got to be pulled out, too.**

Everybody has to lend a hand. And the brewing industry is just sensible enough to recognize that . . . But what's more—they're doing something about it.

* * *

The brewers don't want their beer sold in the wrong kind of places, and so they've teamed up with the authorities in a self-regulation program to make careless beer retailers "clean up or close up," as they say.

From what I read, the plan is working out mighty successful in a number of states, and is spreadin' out into others.

From where I sit, it looks like a fine idea . . . a mighty practical example of how honest co-operation works out to the benefit of everyone—the brewers, the beer retailers, and us plain citizens that like our gardens and our pleasures—with the weeds kept out.

Joe Marsh

RUMANIAN OIL IS DESTROYED BY REDS

Red Russia for all the things said about her in the days when social and economic revolution was stalking through the countries of the world, was today the most superb example of fighting men in the world.

With Stalingrad in flames and the graveyard of Europe at her door, the Reds still held. That's not all. Last night Russian bombers and fighter planes set fire to the Rumanian oil fields and blasted Bucarest, the capital of Rumania and laid waste to other lands along the edge of the Balkans.

The Germans had gained a foothold in the city of Stalingrad but paid so dearly it may not be worth the price.

Snow fell over the Caucasus mountains and the foothills of the Urals were blanketed in the first appearance of winter.

The Germans make no claims about Stalingrad except they have reached the outskirts and the Russians will not quit.

There was no confirmation on German claims that an Atlantic convoy had been attacked and 126,000 tons of shipping destroyed. Rome said another major Commando raid had been staged on the coast of France.

Gause Boy Enlists In Navy as Gunner

Michigan City, Ind.—Well on his way toward becoming a specialist in the U. S. Navy, J. D. Crouch, son of Mr. and Mrs. Roy Crouch, Gause, is now enrolled in a 16 week training course for gunners' mates at the Naval Armory here.

He was selected for the school on basis of his score on a series of aptitude tests taken while in recruit training. Approximately 350 other bluejackets are enrolled in the course.

Two Cameron Boys Are Now Aviation Cadets At Alabama Field

Two young men from Cameron are now enrolled as aviation cadets in the army air force school for pilots at Maxwell Field, Montgomery, Alabama.

Cadet Edwin Norris Brady of Cameron, graduated from Yoe High School in 1940. He served two years in the Army prior to being appointed an aviation cadet in the Army Air Forces July 19, 1942, at Fort Leonard Wood, Missouri.

Cadet Albert H. Moraw, son of Mrs. Frances Moraw of Star Route, Cameron, was an employee of Sessing Aircraft, Wichita, Kansas, when accepted as a cadet in the Army Air Forces, August 1, 1942, at MacDill Field, Tampa, Florida.

SCRAP CAMPAIGN TO CONTINUE FOR WEEK

Cameron had contributed 30,500 pounds of scrap metal in the nation wide junk drive inaugurated here by proclamation of Mayor Leland Green.

Dan Tyson, City Secretary and Treasurer announced this afternoon that the drive would contiue throughout this week.

The women are being asked to assist and Mrs. W. O. Triggs has accepted the Chairmanship. She will arrange key women in all sections of the city and a telephone canvas will be made to determine the amount of junk available.

The negro population will take care of their section of the city.

Mr. Tyson said city trucks will haul junk Wednesday, Thursday, Friday and Saturday. The city trucks were late getting on the job Saturday but managed to bring in about 15 tons of scrap metal according to Mayor Green.

The citizens generally were not aware of their responsibility. Cameron is on the spot and while the amount collected thus far exceeds that of other communities, it is far short of what the city can really do to help win this war.

If you have anything in the way of scrap metal, call 146. The trucks will come for it. That, after all is a small thing for you to do in so vital a struggle as this which involves the liberty of all the people. To keep faith with those who have died and those who will die, demands the last ounce of sacrifice. To give scrap metal is no sacrifice. If we fail in this drive, we should all be ashamed and a people so weak and indifferent deserve no better fate than those who were complacent in the face of the advancing enemy in all the conquored countries of Europe.

The enemy among us will discourage you. He will make fun of the drive; will say that the Jews are getting the money. They will say there is no scrap metal in Cameron, that is not much and really if it is left here, the war effort would not suffer. Suppose they do that in a thousand communities.

This call is plain. It is vital and we shall never be able to hide our shortcomings. There will be a day when we all will be judged. What did you and I do when they, on a thousands fronts, died at sundown or went out to meet the dawn. Let it not be said of us that we failed, even in a metal drive. The facts will be reported.

THE STATE OF TEXAS

TO: Benito Pina—Greeting:

You are commanded to appear and answer the plaintiff's petition at or before 10 o'clock a. m. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 26th day of October, A. D., 1942, at or before 10 o'clock a. m., before the Honorable District Court of Milam County, at the Court House in Cameron, Texas.

Said plaintiff's petition was filed on the 18th day of August, 1942.

The file number of said suit being No. 12083.

The names of the parties in said suit are: Isabela Pina, as plaintiff, and Benito Pina, as defendant.

The nature of said suit being substantially as follows, to-wit: Plaintiff sues defendant for divorce alleging, as ground therefor, that defendant was guilty of cruel and excesses treatment of plaintiff rendering their further living together as husband and wife insupportable.

Issued this the 8th day of September, 1942.

Given under my hand and seal of said Court, at office in Cameron, Texas, this the 8 day of September A. D., 1942.

W. C. (Nig) MOODY,
Clerk, District Court, Milam County.

(WNU Service)

I DIE hard, but I am not afraid to go.

George Washington

* * *

Washington died from acute laryngitis, but bore the pain without complaint. Although raked with agony, he said he did not fear death. Just before the end, his breathing became easier, and he expired peacefully on December 14, 1799.

Seth Corley of Buckholts transacted business in Cameron Thursday.

NEWS FROM MINERVA

The Minerva School opened Monday morning with Rev. S. B. Smith making an opening address. The teachers for the school year are: Mrs. Tom Vaughan, principal and Mrs. Mary McLane Lawrence, primary Miss Mattie Edwards will have charge of the lunch room again this year.

Those attending a preacher's meeting of the Bryan District on Tuesday were Misses Jennie Cone, Sue Sanders and Rev. S. B. Smith.

J. T. Corley of Thornton was a passing guest of several friends here on Sunday.

Guests in the C. W. Trotter home this week end were Mrs. Trotter's niece, Mrs. L. H. Purvis and children, of Austin. Billie Trotter, who spent the past week with Mrs. Purvis returned home with them.

Mrs. Ada F. Sanders had as guests a few hours on Wednesday her nephew and neice, Rev. and Mrs. Ernest Roper of McGregor and her sister in law, Mrs. J. R. Pickens of New Orleans.

Mr. and Mrs. Dudley Currey and daughters, Norma and Rita, spent Sunday in Fort Worth with Mr. and Mrs. John Currey.

Harry Edwards of New Orleans visited his aunt, Miss Mattie Edwards on Sunday of last week.

Carrol Flemings, who joined the Air Corps several weeks ago has been located at Randolph Field in San Antonio.

Mr. and Mrs. Hugh Lucas and sons spent Monday night with his parents, Mr. and Mrs. G. C. Lucas before starting to Healdsburg, Calif., where they will make their home. They formerly lived in Cameron.

Mrs. Jammie Hurry spent last week with her parents, Mr. and Mrs. R. R. Mullinax at Byant Station.

The District Superintendent, Lockey, preached at the Methodist Church Sunday.

BUSINESS WOMEN VOTE AID IN WAR PROGRAM

Two new members received at the meeting of the Business & Professional Women's Club Tuesday evening were Mrs. Isabel Moody and Mrs. Alma Keltner, and were unanimously elected to membership.

Mrs. Theresa Robinson, formerly of Cameron, now of Temple, was present. She still retains her membership in Cameron. She will take full charge of the Telephone work at Temple in the new Hospital to be opened there. Her many friends are much pleased with her rapid advancement.

Miss Lilian Atkinson was program chairman and presented several of the club members who gave talks on several of the countries of the foreign nations who are in the war.

During the business session the club voted to become International and also voted a cash donation to help purchase equipments for the storage of "Blood Plasma" for use of wounded soldiers and sailors.

A light refreshment was served with ice tea in the club rooms during the evening.

Cotton Seed to Be Bought on Grade Basis This Year

er of the Cameron Cotton Oil Company, that the Government demands that cotton seed be bought by the Oil Mills this year on a grade basis, instead of the way they have been bought in former years.

The Government, through its agency the Commodity Credit Corporation has required contracts of all the Oil Mills and the entire output of linters from the Oil Mills will go to the Government for the manufacture of powder. Also all of the Oil, Cake and Meal are under direct supervision of the Government.

Under the contracts basis price had been set on cotton seed at the Oil Mill and the gins and this price will vary according to the grade of the seed. Samples of seed are to be taken by licensed Samplers under direction of the Department of Agriculture at the Oil Mill and sent to approved chemists. The seed will be analyzed for dirt, trash, moisture, oil and ammonia content. If the grade of the seed is less than 100 per cent the price of the seed will be reduced accordingly.

TODAY'S IMMORTALS

The following young men have reported to the induction station at Fort Sam Houston for service in the United States army. Their many friends here applaud them for their patriotism and love of country:

Alfons J. Kocurek, Adolph J. Krupicka, Alvin S. Horelica, Clayton Dierr, R. Holloway, Wm. H. Wise, Robert A. Stecher, Wilson Gresham, Carl Marburger, Harold M. Buffington, Frank R. Batla, Davis Esquivel, Anton Siray, Jr., Willie R. Santoya, Raymond L. Rivas, Clifton W. Cryer, J. G. Brantley, Marvin C. Tomasek, Clint A. Bollinger, Alfred J. Wohlleb, Henry R. Tomasek, Frank W. R. Hubert, Joe Stalmach, Frank J. Tomek, Manard A. Kuehl, Lonnie Gains and Gordon V. Kahler.

TRAFFIC RESUMED

Traffic over Little River has been resumed.

Flood waters covering the highway have receded and the highway has been re-opened.

It was understood some repairs will be necessary on the road somewhat damaged by the water.

The Rotary Club held their regular weekly luncheon and heard the most interesting and informative discussion by J. B. White. The President is quoted that every one in town should have heard the talk.

Mrs. W. D. Stiles of Conoley community transacted business in the County Superintendents office Wednesday.

Join the army and navy and help Texas and Tennessee win the war.

A LAXATIVE

is needed

New Minister Here

REV. JOHN CALVIN SOLOMON

Rev. John Calvin Solomon of Gladewater, newly elected minister at First Presbyterian church in Cameron, arrived in this city late Tuesday to take up his work with the church here.

Wednesday Rev. Solomon was guest of M. H. Boehner at the Cameron Rotary Club. He is a member of the club at Gladewater and was introduced by a splendid letter from the club there, read Wednesday by Richard Hester, Secretary.

Rev. Solomon will deliver his first sermon as minister Sunday. He visited the church on another occassion and the congregation was so impressed with his appearance he was extended a call which he accepted two weeks ago. He succeeds Rev. O. C. Acrey.

Rev Solomon is a native Texan. He received his BA degree from the Austin College at Sherman and his DD degree from the Presbyterian Theological Seminary at Austin. He has been in the ministry for nine years and is 34 years old. He is an exceptionally strong preacher, a splendid speaker and will be greeted here Sunday by a large crowd from his own congregation as well as from public at large.

Mrs. Solomon and their 3 year old son, John Calvin, Jr., have also arrived in the city and all are at home in the manse near the church.

ROOSEVELT TO PICK A RUBBER HEAD

President Roosevelt said Friday he hopes to put the findings of the special board of inquiry into the rubber situation, into action by Monday and to name a man to direct the program.

The findings of the committee of which Barnard Baruch is chairman, reported to the President that nation-wide gasoline ration would be necessary and the President has agreed.

There was some talk that Wendell Willkie would be named. He is now on his way to Russia to tell Stalin that the United States has declared war on Germany.

Except for the White House statement concerning the rubber situation the national government was silent. These days finds the president and his advisers always ready to take congnizance of the economic situation. Texas through her Governor, Coke Stevenson, is opposing gasoline rationing.

Important military decisions, said to have been reached in London last July, were apparently still reached.

The British were proceeding rapidly, without opposition, on the island of Madagascar. The RAF lost 31 bombers in the raid on Germany last night.

The Red army defending Stalingrad have begun to destroy roads and there were some indications the fight may be reaching its decisive stage.

150 Soldiers Due Here for Week End

Approximately 150 men from Camp Hood will be in Cameron Saturday to spend the week end, it was announced Friday by L. Van Perkins, Manager of the Chamber of Commerce.

Last week end the 631st Tank Destroyer Battalion came for a three day stay. Many of the men in the number to come here Saturday will be men from the 631st on a return visit.

The usual entertainment program will be arranged. An increasing number of the men are attending church services and churches will welcome them as usual.

Judge and Mrs. W. A. Rogers of Marlin were in Cameron Wednesday on legal business. He formerly lived in Milam County being a son of Armston Rogers, who was one of the early settlers of Jones Prairie community.

There will be a Pot Roping at the Ledbetter Park Sunday, 20th at 3.00. All ropers are invited to attend if they care to.

CAMP HOOD WILL BUY SUPPLIES IN CAMERON

Materials customarily supplied by merchants will be purchased from business firms in Cameron, according to a letter just received by F. G. Blake, President of the Chamber of Commerce, from Capt. Philip A. Heenor of the Quarter Master Corps, Purchasing and Contracting Officer at Camp Hood.

The letter follows:

"This office is purchasing in large and small quantities materials customarily supplied by merchants, manufacturers and wholesale dealers in many places of the United States.

"This organization feels that there are many firms who are not aware of this business. It is requested you please contact the dealers in your town and request them to forward to this station information of any number of items, which they would like to sell to this post."

No Increase in County Tax Rate

There will be no increase in the tax rate in Milam county.

The Commissioners' Court in session Thursday with Judge Jeff T. Kemp presiding fixed the rate at 70c on the $100 valuation as was the rate in 1941.

The rate has been the same for a number of years Many counties have had to increase. Tax payers here will be glad to know that no increase will be necessary.

PENNEY'S THRIFTY WAY IS THE AMERICAN WAY

SPORTS

HOW IT LOOKS FROM HERE

Alibi building is under way. You can hear the buzz of the saw and the plop of the hammer. All coaches wear dark glasses about this time of year. All the little coaches around town get infected and start putting out funeral notices and hanging crepe. Thanks for the ray of optimism that penetrates by a few frank remarks.

* * * *

Cameron hasn't had a real football team since Nig Moody's days. The reason is we haven't had material. Cameron has been most unfortunate in its athletic experience during the past few years. The band and track got the beef and the coach got the adenoids. But at that we've been pretty lucky. We are still in the district.

* * * *

Now comes Willis Dismukes with a swish of the saw and says we are to play McGregor Friday night. Mr. Dismukes takes over sports writing for the third house at the Gym. Maybe we can get a schedule and a roster of the men. Says Dis:

"Friday night, September 18th, the Cameron Yoemen play their first game with McGregor in McGregor.

"This year the Yoemen will lack some of the color of former years but will have some potential good players. One of the best prospects of the year is Billy Cosby, 175 pound back, who has everything that a backfield man needs except self confidence. Cosby is large eough and has the speed. Most of the offensive will be built around his running attack.

"Another oustanding back of the year should be Frank Torno, a junior lettermen. The outstanding line plays should be built around Leroy Stecher and Darrel Tindall at tackles and George Michaika at end.

"The Yoemen backfield will average 140 pounds, and the Bulldogs 151 pounds. The lines average 150 pounds for the Yoemen and 165 pounds for the Bulldogs. The Bulldog line will be sparked by Riley a 226 pound tackle. The backfield will depend on Guein, a triple threat 180 pound back, who has a good passing arm and an expert punting toe.

Another ground gainer for the Bulldogs will be Johnson, a scatback.

Brooklyn was knocked from the league lead yesterday when the Cincinatti Reds beat them and the St. Louis Cardinals split a double bill with Philadelphia. Cameron has more Cardinal fans than O'Daniel supporters. Its about the only team we can think of. Occasionally the Giants get a break on account of Joe Moore, no longer with the New York Nationals. With the world series around the corner the local fans are whetting up an appetite.

* * * *

School opened this morning in practically every center in the district. Over at Rockdale the Board seriously considered their football situation and decided to continue in the interest of a well rounded sports program. They have a new coach, J. C. Wilson. He is a Baylor man and comes to Rockdale from LaGrange. War has dipped heavily into Tiger material but Coach Wilson had around 20 boys out.

* * * *

The Killeen Kangarooos began work last week. In 1941 the Kangaroos were the best football team this District ever had. Built around a number of stars like Carlisle and Bishop, they should have won the District and would have done so except for an early season upset and a game in the rain. Tommy Bishop and W. E. Calrlisle are at TCU this year. They are brightest high school prospects in a generation.

* * * *

Belton should come through this year. The Taylor Ducks look strong, in fact have become perpetual winners. How to stop the unscientific principle of perpetual motion has all the coaches scratching their heads. Coach Johnson just keeps right on getting material and winning.

* * * *

Billy Gillis, former Army Captain and center, is playing on the Army all star team against the professinals. He is Lieut Wm. G. Gillis, United States Army, out at Roberts Field in California.

* * * *

Bob Salach is out for football with the San Marcos Teachers. He has made a good start and has all the coaches ajitter. He was the best center Cameron ever had and an all district man. Cameron fans will be looking at the papers this fall to see how Bob is faring.

Bobby Hays goes to Schreiner. If Bobby can gain some weight he should make one of the best backs the military school ever had. He is the second Yoeman to go to Schreiner, the other Billy Gillis.

* * * *

The Yoemen schedule for 1942 was not given the Herald but is printed here second hand for your information: September 25, Caldwell there; October 16, Hearne, in Cameron; October 23, Taylor in Taylor; October 30, Killeen here; November 6, Belton in Cameron; November 13, Marlin there and November 20 Rosebud in Cameron.

* * * *

The Yoemen play a practice game with McGregor there on Friday night September 18th. Tire news says take your neighbor or go in his car to save rubber.

OWEN STIDHAM PHONES

Owen Stidham telephoned his parents, Mr. and Mrs. Grady Stidham, Sunday night. He is going to sea. Owen was on a destroyer the last account of his naval service indicated. He may now be heading for the far Pacific war zone. Another Cameron boy on the Pacific is Joe Bill White who has not been heard from in more than two months. He is aboard the SS President Adams, a transport.

Telephone 282 your news items.

Safe

LIUET. FRANK M. NEWTON

* * * *

MESSAGE SAYS FLYER LOCATED AND IS SAFE

Lieut. Frank M. Newton, United States Army Air Corps, reported missing in action on the Egyptian battle front since August 21st, has been found and is safe, said a message received here last night by the mother of the army flyer, Mrs. W. R. Newton, Sr.

The message was in the form of a telegram from Mrs. Wm. M. Harvey, wife of Lieut. Harvey of the Air Corps, stationed at Fort Meyers, Florida.

The telegram in part said: "Frank located and safe.'

It was understood here that a cable had been received from Lieut Newton's command in Africa based on urgent inquiries made by members of the family and friends. Lieut. Newton was stationed at Lakeland, Florida, before his departure for the African front.

It was expected that additional details would come through in a few days.

Mrs. Newton said she had received a telegram from her daughter, the former Miss Nancy Newton, early last evening. Dr. W. R. Newton, Jr., was out of the city returning home early Friday was told of the safety of his brother, and at the Newton Clinic hospital this morning rejoiced over the good news.

Lieut. Newton had been over the battle front 5 times before word came he was missing in action. It is presumed here he may have been forced down in some isolated portion of the vast African war theatre and could not contact his command.

Perkins Going to Camp Hood to Work Out Bus Schedules

L. Van Perkins, manager of the Chamber of Commerce, will go to Camp Hood Tuesday to confer with Camp officials over the matter of transporting soldiers here at week ends.

Bus drivers complain they cannot get loads on the return trip. Last Saturday two buses went went to Camp Hood and returned to Cameron with one soldier. All the men got off in Temple .

Drivers say they cannot afford to go to Camp Hood unless they get passengers both ways. Bus fares are required of the soldiers.

Mr. Perkins said he would attempt to work out a better plan of co-operation so that when the buses go up they can find the men and also get them to Cameron. Recently 150 men were found in Temple wanting to come to Cameron. This situation, it is believed, resulted from confusion over bus routes and schedules.

Join the army and navy and help Texas and Tennessee win the war.

Fishing Tackle From Coast Recovered in Dead of Night Here

The recent storm that wrought havoc on the Texas coast brings the following story: Cotton pickers finding an overturned boat help themselves to fishing tackle, but in so doing drop an envelope with their names and address on it. Officers checked that vicinity and found the envelope. Results, Cameron officers get call at 12:00 p. m. and at three the tackle is recovered and in the sheriffs office awaiting the owners. Just a case of close co-operation now obtaining among fellow officers of the state.

GUY WALTER HAYNES

Mr. and Mrs. Guy Haynes are the proud parents of a baby boy, born Thursday morning, September 10, 1942, at 10 a. m. in the Scott and White hospital in Temple. The baby, their first son, has been named Guy Walter. Friends in Cameron were happy to receive the news of the blessed event. Mr. and Mrs. Haynes moved to Belton last week where he has been elected principal of the Belton High School. Their eldest and only other child is a daughter, Little Miss Beverly Haynes.

Lonzo Worley, Constable of Beat 8 was in Cameron on official business in Cameron Saturday.

Important Notice

WE ESPECIALLY SOLICIT AND URGE CUSTOMERS WHO HAVE HAD THEIR GAS SERVICE DISCONNECTED FOR THE SUMMER TO APPLY FOR RECONNECTION **NOW**

Don't get caught in a cold weather BOTTLENECK!

SERVICE RECONNECTIONS TO BE MADE IN THE ORDER APPLIED FOR

IN FAIRNESS TO ALL CUSTOMERS, SERVICE REQUESTS FOR METER RECONNECTION WILL BE COMPLIED WITH AS PROMPTLY AS POSSIBLE *IN THE ORDER RECEIVED*

★

So many of our skilled, experienced service men are now members of the armed forces or are engaged in war industries that we have no choice except to organize our many service calls well in advance of the usual fall rush in order that all customers can be accommodated in ample time for winter. During this emergency it will be our sincere desire to comply with each customer's request as soon as possible before cold weather.

Skilled labor and conservation of rubber will continue to be vital factors in the serious business of winning the war. Therefore, we will appreciate your co-operation and personal assistance in all matters involving service calls. By taking good care of all your gas appliances for the duration you will be assisting our service organization to direct the major portion of its time to the serious responsibility of providing DEPENDABLE WAR-TIME GAS SERVICE.

ATTACKING IN FORCE IN SOLOMONS ISLANDS

A new battle has begun in the Solomons Islands with the Japanese attacking in force and it was believed that hard won positions of the United States Marines might be jeopardized unless greatly reinforced.

News reports indicated that a new naval battle is shaping up around the Solomons not far from the Coral sea fight in which the Japanese were badly defeated, losing many ships.

The United States Navy Department announced that the Aircraft carrier, Yorktown was lost in the Midway battle on June 7th. Reports earlier indicated the carrier was lost but official confirmation is now given.

Early this morning President Roosevelt presented King Hakon of Norway with the PC-467 a submarine chaser. It was a similar ceremony to that recently staged when Queen Wilhemena of Holland was given a sub-chaser.

The Allies are on the offensive in New Guienna. The scope of fighting there has been greatly increased in the past ten days due to the advance of the Japs in the direction of Port Moresby.

The unfolding Solomons battle was carefully watched. It may yet develope into a major engagement and is certain to involve the fleets of both Japan and the United States. The Japs are trying to retake their lost positions and may have brought in larger forces than was first believed possible.

TO THE FARMERS

I have accepted a temporary Government cotton classing appointment for this season in Dallas.

I am taking this method of thanking my customers and friends for your patronage. I will be back at my same office January 1st.

D. H. Slaughter.

Mr. and Mrs. Jim Fuson and son of Goose Creek were Cameron visitors this week end.

Frank W. Worley, Emmett Andrews and Weldon Gilcrist of San Grabriel were in Cameron Tuesday.

Inductees Called On To Surrender Ration Books; Law Requires it

Sam Perry, chairman of the Milam County War Price Rationing Board called attention to the fact that many persons, either from lack of information or through negligence, are failing to surrender their War Ration Books to the local board when they are inducted into the armed services.

Heirs and next-of-kin also are failing to surrender to the board the books of persons who have died, Mr. Perry said.

"There have been only 96 books surrendered for these causes to this board," he pointed out. "While conservative estimates are that 300 persons have entered the armed services from this county since May 15.

"Birth registrations and surrenders of books as a result of deaths also are considerably below our estimates of the reasonable expectation."

Mr. Perry added that the war rationing regulations are very strict in this regard and he expressed hope that the local board would not have to call on the Office of Price Administration to invoke penalty provisions against persons who fail to observe this regulation.

Finds Picture of Relative in Life; Is Making Inquiry

Robert Hurphy of the A & W Sales Company, looking over the current issue of Life Magazine discovered the picture of his cousin, J. W. Murphy of Waco, now in a Japanese prison camp in Shanghai.

Mr. Murphy was taken prisoner in the Philippines. He had been in the far east for several months prior to his capture. The family had not heard from him since last September.

A letter was written here Monday to Congressman Poage with the request that the matter be taken up through the State Department in an effort to locate Murphy and to inquire about his welfare.

Miss Viola Thomas is attending Rush Week, and will be a senior it will be a student there this term, taking up her studies for a M. A. Degree.

CHAMBER COMMERCE NOT BEING SUPPORTED

About two months ago the Chamber of Commerce held a two day clinic and one of the important points brought out during this clinic was the lack of support by the citizens and business men of Cameron to the Chamber of Commerce.

The Membership and Finance Committee of the Chamber of Commerce has made a careful survey of more than fifty towns in Texas to determine how they support their Chamber of Commerce. This survey shows that Cameron is not supporting this organization that means so much to this town and Milam County.

The Membership Committee has developed plans for a concentrated membership drive and it is hoped that every person contacted will respond 100 per cent to the support of this organization. Every person to be contacted will receive a letter within a few days, with a membership card; it is hoped that you will complete this membership and return it to the Chamber of Commerce office, thus saving the committee the work of calling on you.

You can see the importance of this organization by paying frequent visits to the office, and see the amout of work that is carried on in the intrest of Cameron and Milam County.

Cameron Boy Becomes Typical American Soldier; Now Liuet.

A former Cameron boy, Elton P. Ledbetter, has become famous because he has been found by artists and photographers to typify the American soldier.

Recently he was photographed by Victor Keppler, a New York photographer, as a typical American soldier. He has recently appeared on a Bond poster issued by the Treasury Department in Washington.

A recent issue of a government magazine also finds him on the cover. His photograph also appeared in a recent issue of the San Antonio Light. He was commissioned a Lieutenant and reported Sunday to Washington for service.

Lieut. Ledbetter is known as Lieut. Lord but it was explained here that the nature of his service required a change in name.

The Herlad is without knowledge of such regulation.

Mrs. Jack Leubetter of Cameron, mother of the Lieutenant and her daughter, Miss Elizabeth Ledbetter were in San Antonio Sunday on a visit with Lieut. Lord.

O'Riley Gets 6 Years For Burglary; Reagan Trial Set Thursday

Charles O'Riley, tried Tuesday in District Court here on charges of felony theft and burglary, was convicted and given sentence of 3 years in each case.

O'Riley made a confession. The theft for which he was tried occured sometime ago in Thorndale where he with a companion Max Reagan, burglarized a tire store.

The case against Reagan has been set for Thursday due to the absence of the Defendant's attorney who lives in Dallas.

Officers from the Office of Price Administration in Dallas were in Cameron investigating for the Federal Government. Tires stolen from the Thorndale store were sold in San Antonio.

It is a Federal offense to sell tires without permit. People here are warned against buying tires from individuals without first investigating.

Both Reagan and O'Riley are facing federal charges. None of the tires were sold in Milam county.

Cotton for 1942 is Much Better Than 1941 Report Shows

There were 6,568 bales of cotton ginned in Milam county from the crop of 1942 as compared with 2,234 bales ginned to the same date in 1941. This report is made by Ray O'Neill, government reporter.

P. W. Davis at the Cameron Compress reports that he has received some 6000 bales of cotton from wagons up to last Friday, September 11. These figures indicate the cotton ginned in Cameron. The total for the county should now be well over 12,000 bales.

Last year on September 11 the local compress warves had received only about 3000 bales.

George Andrews of Rockdale transacted business in Cameron Tuesday.

Sam Clement and Commissioner E. G. Stiles of Thorndale transacted business in Cameron Tuesday.

GENERAL MOBOLIZATION IS ORDERED IN BRAZIL

General mobolization of all Brazil's military powers was decreed early Wednesday by President Vargas.

Brazil recently declared war on the Axis powers. News of the mobolization was received in the United States as indicating that Brazil has reasons to take immediate precautions or is planning a more active part in the war.

Brazil is the largest of the South American countries. Its population is around 40,000,000 about the same as France. She could be expected to muster some five million fighting men. Her navy is small. A growing air force is being rapidly developed.

Mr. and Mrs. Bill Todd of Goose Creek spent the first of the week in Cameron with Mrs. Todd's father and mother, Dr. and Mrs. J. E. Arnold.

Sam Oliver Gets Wings at Ellington

Sam Oliver of Buckholts, has been commissioned a Lieutenant in the United States Army Air Corps at Ellington Field where he graduated recently.

Lieut. Oliver is a graduate of Yoe High School and was a student in A & M College when he volunteered for the Air Corps last fall.

Before attending college he was associated with his father with the telephone exchange in Buckholts and also was employed by the Coca-Cola Bottling Company in Cameron at one time.

Lieut. Oliver is one among a number of Milam county young men who have become eagles in the air service. He will now be assigned to a tactical unit for further training.

Dr. and Mrs. A. E. Kruse and family have returned from Corpus Christi where they spent a two week's vacation.

1942 Harvest

WAR FADES OUT AS ALLIES STOP TALKING

Except for an army investigation of the reported Japanese bombing on the west coast last night there was a complete blackout over the Allied world.

The only war news of the day, stripped of propaganda, was the stand of the Red army at Stalingrad. The Germans are still outside the city and thousands of their best soldiers are dead every 24 hours because the Reds will not surrender.

Silence fell over the battlefield in Egypt and not even the RAF was over Germany. Fighting had ceased also in the Solomons but General MacArthur said the Japs are concentrating for an attack.

DAR to Collect Blood for Storage

Sarah McCalla Chapter, Daughters of the American Revolution, have accepted leadership to solicit cash donations to purchase equipment for the storage of blood plasma for use on wounded American soldiers and sailors on our far flung battle lines.

Various clubs and organizations as well as individual citizens of Milam County will be asked to contribute to this vital cause.

Donations will be accepted by any member of Sarah McCalla Chapter, Daughters of the American Revolution.

The Sarah McCalla Chapter DRA met with Mrs. Jeff Kemp Thursday September 3rd. This was the first meeting after the summer vacation. The programs for the coming year will be very short, the time being utilized for war relief serving and knitting.

The Jeff Rogers Chapter W. D. C. will meet with Mrs Jeff T. Kemp Monday September 7th at 3 p. m.

Cameron is still water bound and home bound.

Freeman Weddle writes to his friends in Cameron that he is liking the Navy fine and urges all the Cameron boys to come in. Freeman is in Camp Decator, Co. 42-120, San Diego, California, and would like to hear from his many Cameron friends.

Jack Clement's funeral services will be held at Thorndale at 4:00 o'clock today

Penney Store Here Gets in National Picture For July Sales of War Bonds and Stamps Total Here Gives J. M. Boehner 3rd Place in District

A progress report of the J. C. Penney Company on sales of war bonds and stamps in July has reached the Herald through J. M. Boehner, local manager of the Penney Store.

The story can be read in an 8 page paper the title of which is Pay Day and published by the great chain.

The Cameron store is in District 14 and the total sales are for the district which includes Houston, Shreveport and Austin.

The Penney store in Cameron sold $3,892.85 during the month of July, over six times the quota originally set. The July quota set for the Cameron store was exceeded the first day and Mr. Boehner made his own quota which was also exceeded by enthusiastic customers and friends who appreciated the effort of the Penney Company in devoting time to the war effort.

Mr. Boehner and his Cameron store ranked third place in the district in sales, a fine compliment to a fine store and a group of fine, loyal American citizens. All Cameron congratulates Mr. Boehner and his store organization.

Leona Walton of the Cameron store, personally sold $1411 worth of Bonds and Stamps to capture 13th place among sales women in the entire district.

Mr. Boehner for his successful campaign received a beautiful gift magnifying glass for his fine work

The newspaper, Pay Day, published a cross section of publicity run in newspapers over the United States. At the top center is a heading date line from Cameron Herald of July 2, 1942, and in three other sections of the clippings appears articles from the Herald, daily and weekly, one of which contains a congratulatory statement from Emory B. Camp, chairman of the Milam County Defense Council.

A picture is also run of the Penney Store front and a group of local people, including Mr. Camp, Grady Little, local bond sales chairman; Mr. Boehner; L. Van Perkins, manager of the Chamber of Commerce and volunteer sales women.

Personal Mention

We don't experiment with your radio—We repair it—You pay less for our service. Any make radio.
Parma Radio Service.
